# Article 5: Personnel Policies

## 5.1 Duties of Supervisory Employees

The Chancellor shall fix the duties of all supervisory positions in accordance with procedures determined by the governing board.

5.1.1 In situations where supervisors work with faculty coordinators, the supervisor is responsible for directing the functions of the classified support personnel as defined in Government Code 3540.1 and in accordance with the District policies and collective bargaining agreements. It is recognized that best practices indicate the benefit of the coordinator and supervisor working together on the program and its impact on the classified support staff workload.

- a. The immediate manager shall notify the supervisor of the temporary assignment and timeframe involved.
- b. The immediate manager shall make clear as to the expectations of the supervisor regarding the temporary assignment of staff/responsibilities, including but not limited to evaluation responsibilities, direct supervisor authority, chain of command, and area responsibilities to be performed.
- c. The immediate manager shall coordinate with the supervisor to ensure affected staff are informed of the temporary assignment.
- d. Such assignments should be limited in duration to meet the temporary needs of the department/operation.

5.1.3 Supervisors shall have the primary role in evaluating employees they supervise. If the reviewing officer does not concur with the evaluation, they shall meet and discuss with the supervisor, prior to making modifications.

5.2.2 Upon satisfactory completion of the required probationary period, a regular unit member shall achieve permanent status in the class in which he/she served the probationary period.

5.2.3 Time spent in a service in substitute and short-term positions does not count toward a probationary period in a regular position. (Education Code 88127)

#### 5.3.2 Employee-Initiated Transfer/Reassignment

The District recognizes the interests of unit members in seeking voluntary transfers. Accordingly, at least five (5) working days before a position is advertised externally, unit members meeting the minimum qualifications will be given consideration for voluntary transfer within the LRSA unit. To be considered for voluntary transfer, the unit member must submit a current application and a letter of interest to be considered for the vacant position to the Human Resources Office by the closing of the fifth working day. The unit member will be afforded an interview with the appropriate administrator and notified by the Human Resources Office of the results of the interview. When more than three (3) unit members request a transfer, the interviews may be limited to only the three (3) most qualified based on screening of applications. If none of the applicants for voluntary transfer are recommended for the position, their applications will be included in the general applicant pool for the position. However, this does not guarantee that they will be granted a second interview.

The District recognizes the interests of unit members in seeking promotions. Accordingly, unit members meeting the minimum qualifications will be given consideration for promotion within the LRSA unit. materials to human resources prior to the closing date of the position. A minimum of the top three (3) qualified unit members, if available and not included already, will be added to those candidates selected to interview for the position.

5.3.4 Administratively Initiated Transfer

Administratively initiated transfers will be based on the following reasons: Overage in staff and/or critical need for special preparation in specific position classes, or as may otherwise be provided under official Board policies. In most cases, a transfer made because of critical need shall continue for the duration of said need. A supervisor affected by an administratively initiated transfer shall be given a fifteen (15) working day notice unless other arrangements are mutually agreed upon. A conference will be held between the appropriate management designee and the unit member prior to the effective date of the transfer. In the event that the administratively transferred unit member's former position becomes vacant, the unit member may apply for reinstatement in the position and shall be granted an interview before other applicants are considered.

5.3.4.1 Unit members who believe that an administrative transfer is unwarranted may appeal the decision to the next level of supervision beyond the immediate supervisor and to the administrative officer.

5.3.5 Employment Status

5.3.5.1 A unit member reassigned or transferred to a position of the same classification shall retain permanent status in that classification if permanent status has been acquired. When a unit member who has not completed a one-year probationary period with the District is granted a transfer or reassignment to a position of the same classification, that person will complete the remainder of his/her initial probationary period in the new assignment and will be considered permanent at the conclusion of one (1) full year of service with the District.

5.3.5.2 A regular unit member who is voluntarily transferred or reassigned to a regular position in a different classification within the same salary range shall serve a conditional (probationary) period of six (6) months. The person's work performance will be evaluated periodically (at least once) during this conditional period. In the event the unit member is unsuccessful in the new position, the individual shall be entitled to reinstatement in his/her former position or a position in the former classification, if the unit member held permanent status in the former position and had received satisfactory evaluation. This section will apply even if this action results in a layoff. When a unit member who has not completed a one-year probationary period with the District is granted a transfer or reassignment to a different classification within the same salary range, that person will complete his/her initial probationary period in the new assignment and will be considered permanent in the classification into which the unit member was originally appointed at the conclusion of one (1) full year of service with the District. The unit member will serve an additional conditional (probationary) period in the new assignment that when added to the remainder of his/her initial probationary period will equal one (1) year. The unit member will be considered permanent in the new assignment only after completion of the conditional period of one (1) year, including the overlap from the original probationary period.

5.3.5.3 A regular unit member who is promoted to a regular position of higher classification shall serve in a conditional (probationary) period of one (1)

year. The person's work performance will be evaluated periodically (at least twice) during this conditional period. In the event the unit member is unsuccessful in the new position, the individual shall be entitled to reinstatement in his/her former position or a position in the former classification, if the unit member held permanent status in the former position and had received satisfactory evaluations. This section will apply even if this action results in a layoff. When a unit member who has not completed a one-year probationary period with the District is granted a transfer or reassignment to a regular position of higher classification, that person will complete his/her initial probationary period in the new assignment and will be considered permanent in the classification into which the unit member was originally appointed at the conclusion of one (1) full year of service with the District. The unit member will serve an additional conditional (probationary) period in the new assignment that when added to the remainder of his/her initial probationary period will equal one (1) year. The unit member will be considered permanent in the new assignment only after completion of the conditional period of one (1) year, including the overlap from the original probationary period.

5.3.6 Salary Status

5.4 **Performance Evaluation**

5.4.1 Principles of Evaluation of Supervisors

- 5.4.1.1 All supervisory employees shall be evaluated on the performance of duties and responsibilities contained in the job description, other current assignments, and established goals and objectives.
- 5.4.1.2 The supervisor's evaluation provides a basis on which to assess the skills of the supervisor and the effectiveness with which he/she uses these skills.
- 5.4.1.3 While the supervisor has responsibility for his/her own performance, there may be other elements within the working environment over which the supervisor exercises little or no control that may impact performance outcomes.
- 5.4.1.4 Persons served by a supervisor and his/her office may be asked to participate in providing information about the effectiveness of these services. The perspective of the supervisor's colleagues and other appropriate members of the college/district faculty and staff may be considered in the supervisor's evaluation.
- 5.4.1.5 The supervisor's manager is the primary evaluator and is responsible for completing the evaluation.
- 5.4.1.6 Self-evaluation may be part of the supervisor's evaluation.
- 5.4.1.7 Though formal evaluation occurs on a cyclical basis, informal evaluation occurs on a continuous, ongoing basis, and, as such, feedback from the manager to supervisor should also be continuous and ongoing.

5.4.2 Evaluation Components

- 5.4.2.1 The evaluation shall consist of a completed final Report of Performance form for supervisors. The evaluation may also include the Supervisor's Self-Evaluation/Staff Feedback Survey form obtained from appropriate college/district contacts. The primary rater may also ask the supervisor to complete one of the Supervisor's Self-Evaluation/Staff Feedback Survey forms.
- 5.4.2.2 The final evaluation will be completed by the manager based on his/her observation and findings, as well as the results of the Supervisor's Self-Evaluation/Staff Feedback Survey, if included.
- 5.4.2.3 The audience for the Supervisor's Self-Evaluation/Staff Feedback Survey will be mutually agreed upon by the manager and supervisor; the survey will be distributed to a sample of persons served by the supervisor and his/her office. Such surveys may be distributed to other supervisors, managers, faculty, and classified staff with whom the supervisor interacts.
- 5.4.2.4 The immediate manager shall be responsible for conducting the supervisor's survey, but the manager may designate another person to distribute the survey with the approved cover memo or email. The surveys will be submitted online or returned to the office of the manager where the survey ratings and written comments will be summarized.
- 5.4.2.5 The ratings may be categorized separately by employee groups (supervisor, classified, faculty, management) if five (5) or more responses are received from each of the groups; otherwise, the ratings will be combined into one (1) category.
- 5.4.2.6 Self-Evaluation  
The supervisor's self-evaluation (not to be confused with the Supervisor's Self-Evaluation/Staff Feedback Survey) shall consist of a brief narrative with respect to his/her job performance based on the job description, annual goals and objectives, and assignments. The supervisor may also complete a Supervisor's Self Evaluation/Staff Feedback Survey if requested by the manager.
- 5.4.2.7 The supervisor's Report of Performance should include both commendations and recommendations. The recommendations should include suggestions for improvement and, where appropriate, specific performance development activities (e.g. mentoring, job shadowing, workshops, conferences etc.).

5.4.3 Evaluation Categories

Evaluation categories shall include, but not be limited to, the following:

- a. Performance of job duties: ability to perform responsibilities and achieve objectives of the supervisor's current assignment; job knowledge; ability to achieve unit workloads; make appropriate and effective work assignments; administer rules and regulations.
- b. Leadership: Planning and organizing; judgment; decision making; achieving goals and mission of department.
- c. Human relations: Fairness and impartiality; disciplinary control; evaluating performance; support and development of subordinates.

- d. Communication: Motivating, training, instructing, listening; resolving conflicts; providing feedback.
- e. Personal qualities: Effectiveness under pressure; initiative; adaptability to new and unforeseen situations.
- f. Professional growth/staff development: what the supervisor has done to improve his/her own performance/job knowledge, etc.

#### 5.4.4 Evaluation Processes

- 5.4.4.1 Unit members who have completed an initial one-year probationary period satisfactorily shall have a performance evaluation every two (2) years prior to their anniversary date. The evaluation has as a major goal the improvement of services in support of the educational program. If performance deteriorates before the two-year anniversary date, a special evaluation may be conducted.
- 5.4.4.2 The purpose of the performance evaluation is to reflect the unit member's proficiency in the job; promote self-improvement; develop leadership; assist unit members to meet full potential; identify the areas in which the individual is performing satisfactorily, as well as the areas where improvement is desirable; identify department goals and objectives; establish goals and objectives for the supervisor for the ensuing year; determine how well the pre-established goals and objectives were met; and meet legal requirements.
- 5.4.4.3 Probationary unit members shall be rated two (2) times in the first six months of employment, usually at the end of the third and fifth months of employment. The final rating will carry a recommendation regarding status for the supervisory employee.
- 5.4.4.4 Any evaluation that is less than satisfactory shall include a written explanation of the reasons for such a rating. The immediate manager shall meet with the unit member to discuss specific performance problems and make written recommendations for improvement. The unit member shall have the right to respond in writing and to attach that response to the evaluation.
- 5.4.4.5 One copy of the evaluation will be given to the unit member; another will be placed in the unit member's permanent personnel records.
- 5.4.4.6 A permanent unit member who disagrees with his/her performance evaluation may appeal such evaluation in writing to the VPA/site administrator within fifteen (15) days of date of review.
- 5.4.4.7 The process used for the evaluation of a unit member is subject to the grievance procedure. However, the standards employed and the judgments rendered, while subject to the appeals process mentioned above, are not subject to the grievance procedure.
- 5.4.4.8 The contents of all documents shall remain confidential, except as requested by law and prudent employment practices.

#### 5.5 **Special Evaluations**

A unit member or their manager may request a special evaluation based upon a change in position, change in responsibilities (programs), or less than satisfactory performance. Prior to a

unit member receiving a special evaluation for less than satisfactory performance, the unit member must have received a verbal notification and a memo outlining the unit member's deficiency(ies). A unit member may, upon request, obtain copies of documents contained in his/her personnel file. Such materials do not include ratings, reports, or records which (a) were obtained prior to the employment of the person involved or (b) were obtained in connection with a promotional examination.

- 5.8.2 Information of a derogatory nature shall not be entered into the permanent file until the unit member is given a reasonable opportunity to review and comment thereon, and/or appeal to the administrative officer. ## 5.9 Professional Growth

- 5.9.1 Unit members are encouraged to increase their job knowledge and effectiveness through classes, workshops and other training/educational opportunities. To this end, flexible work schedules may be permitted with authorization of the immediate manager and administrative officer provided such flexible work schedules do not adversely affect the supervisor's professional responsibilities.

Unit members are required to complete district-sponsored anti-racism training every two (2) years. Failure to attend such training shall be reflected in the unit member's performance evaluation.

- 5.9.1.1 Unit members are encouraged to increase their job knowledge and effectiveness through mentorship opportunities, which partner LRSA members with administrators, providing professional growth/staff development opportunities such as job shadowing and training. The District may allow up to forty (40) hours of release time per member per fiscal year to take part in such an opportunity as approved by their direct manager and appropriate Vice President or Associate Vice Chancellor for non-campus supervisors. The supervisor is responsible for implementing and coordinating his/her mentorship experience.

Books must be purchased at a Los Rios bookstore and required for the class(es) taken and completed under this section. Receipts and grade reports or transcripts must accompany the request for reimbursement. Any amount received from selling back the book should be deducted from the original cost of the books. No lifetime cap will apply for reimbursement of enrollment fees or the cost of books when classes are taken at a District college or outreach center. The District Reimbursement of Tuition form must be completed.
- 5.9.3 The District will reimburse tuition fees up to \$2,400 per unit member per Los Rios fiscal year, not to exceed a lifetime maximum of \$2,400 for any member who enrolls in and completes approved classes with a grade of "C" or higher at any accredited college or university provided the following criteria have been met:

  - the class is related to the unit member's current position or would contribute toward potential promotional opportunities in the District;
  - the class does not adversely affect the supervisor's job-related responsibilities;
  - the class is not offered through one (1) of the Los Rios colleges and/or outreach centers;

- e. the unit member has submitted the appropriate receipt(s) and transcript(s) or certification of completion at the required grade level with the request for reimbursement; and

- 5.9.4 Additional funding for professional growth, including tuition reimbursement, is available through the unit's allocation of Partnership for Excellence (PFE) Classified Staff Development funds. For the term of this contract, a maximum amount of \$61,500 from unused prior year PFE staff development allocations will be appropriated each year for LRSA members to use for additional professional growth activities. Use of these funds is contingent upon the commitment of the unit member to remain employed by the District for a minimum of three (3) years after the completion of the professional development activity. Should a unit member leave the District prior to the completion of the three (3) year commitment, one-third (1/3) of the expenditure shall be reimbursed for each year/partial year of the three (3) year commitment.
- 5.9.4.1 PFE Classified Staff Development Funds may be used for tuition reimbursement after the District tuition reimbursement has been exhausted. A unit member may request a maximum of \$9,600 per lifetime, subject to the same provisions of Section 5.9.3. A unit member may request up to \$4,000 PFE Classified Staff Development funds per fiscal year. A combination of funds used from 5.9.3 and this section shall not exceed \$4,000 in a fiscal year.
  - 5.9.4.2 PFE Classified Staff Development Funds may be used for other training or conference registration fees and materials.
    - 5.9.4.2.1 Unit members may submit requests for job-related conferences and other professional development activities. Requests may include registration fees and travel costs subject to the District's travel reimbursement policies and regulations.
    - 5.9.4.2.2 The unit member will prepare a District Travel Authorization and Reimbursement Claim with approval of their immediate supervisor. The form will then be provided to the LRSA college/location representative for review. If approved, the representative will initial below the unit member's signature and forward to the Vice President of Administration or the Associate Vice Chancellor of Finance for authorization. If authorized, the claim form will be coded to the budget number provided by the Fiscal Services Office of the District Office and processed.
    - 5.9.4.2.3 The District recognizes the importance of professional development. Each member must obtain the express authorization from their immediate supervisor to attend any training or professional development opportunity. A unit member may attend no more than two (2) activities per fiscal year, in addition to required anti-racism training.
- 5.9.5 As specified in 5.9.4, the maximum carryover for any year from both the allocation for professional development leave program and the professional growth activities is \$61,500. ## 5.10 Professional Development Leave Program

A Professional Development Leave Program was established for eligible LRSA unit members in 1999-00. The program is available to LRSA members as described below. The application for Professional Development Leave is available online at the following web page:

<http://www.losrios.edu/hr/HumanResourcesForms.html>.

### 5.10.1 Nature and Purpose

A Supervisor's Professional Development Leave Program provides a unit member with the opportunity to enhance his/her value to the District through further job-related education, the upgrading of skills or retraining for a different career path which is available at the District. The unit member is totally released from his/her regular duties during the duration of the approved professional development leave to allow the unit member to engage in studies, projects, courses, or other beneficial activities which do not fall within his/her regular responsibilities during his/her regular work period. The leave may be used to complete interrupted studies, learn by observing methods used in industry or other educational institutions, or for the unit member to get a substantial start on a goal of a better education.

### 5.10.2 Duration and Timing of Leaves

A Professional Development Leave is available to an eligible member for a period from one (1) to five (5) months at eighty five percent (85%) of the unit member's regular pay during the approved leave period that is scheduled during the unit member's regularly assigned work period. Such leaves may be taken in one-quarter or one (1) semester increments. The minimum approved leave is one (1) month.

### 5.10.3 Eligibility for Leave

Any unit member who has a work assignment of at least seventy five percent (.75 FTE) of a full-time twelve-month unit member and has satisfactorily completed a sequence of five full-time equivalent (FTE) years of service with the District is eligible for a Professional Development Leave. The leave program is intended to fully release the unit member from all regular assignments and responsibilities. A partial reduction in workload is not permitted. In addition, there must be five (5) full-time equivalent (FTE) years of satisfactory service between leaves granted to one (1) individual regardless of the length of the leave period that was previously granted (one to five months).

### 5.10.4 Criteria

Application for leaves will be considered according to one (1) or more of the following criteria:

5.10.4.1 Retraining of the applicant to allow for future new assignment in a needed area as determined by District priorities.

5.10.4.2 Studies, projects, or activities that provide the unit member with opportunities to upgrade skills and knowledge for current or future assignments.

5.10.4.3 Complete uninterrupted studies which will benefit the unit member, the District, other unit members and students.

5.10.4.4 Other activities which will enhance the unit member's knowledge and value to the District, to other unit members, and to students.

The Leave Committee (Section 5.10.6) shall determine the application process requirements and the responsibilities of the LRSA Professional Development Leave Committee which shall, at a minimum, include the following:

- 5.10.5.1 The application must be recommended by the immediate supervising administrator and approved by the Vice President of Administration if a campus supervisor or the appropriate Associate Vice Chancellor for non-campus supervisors, as well as the LRSA President or designee. It is expected that the deadline for applications shall provide for a minimum seven (7) months elapsed time from the application submission deadline date to the start of the approved leave.
- 5.10.5.2 If the applicant intends to enroll in school, the application must identify the educational institution, the academic term, and a list of courses with course descriptions. The application shall include the precise dates from the beginning and ending of the school term/session and the requested leave period. It is expected that if the requested leave is for five (5) months that the leave period will follow the District's or the applicable educational institution's academic term/semester.
- 5.10.5.3 An outline of the planned program containing a statement of purpose and objectives and a detailed description of the activities proposed should be stated. In addition, an appropriate method of evaluation and the unit member's plans for sharing the results of the studies, projects, or activities must be described.
- 5.10.5.4 The supervising administrator must provide in writing on a separate document how the on-going responsibilities of the applicant will be fulfilled during the period of leave.
- 5.10.5.5 The unit member may apply for educational assistance as defined in Section 5.9 and as modified or enhanced by policies and regulations developed by the Leave Committee.

The Professional Development Leave Committee shall meet as needed to review, evaluate, and recommend individuals in compliance with District policy 6370. LRSA's E-Board shall appoint three members and the District shall appoint three managers to the Professional Development Leave Committee.
  - 5.10.6.1 The LRSA Professional Development Leave Committee responsibilities shall include the review of all applications received in a timely manner. The Committee shall develop procedures to determine which leaves shall be recommended to the Chancellor for submission to the Board of Trustees. The Committee shall establish procedures and criteria to reduce the number of recommended applications to the number of authorized leaves as defined in Section 5.10.8.
  - 5.10.6.2 The Committee shall submit by the predetermined deadline recommended applicants who meet the established leave criteria to the District Human Resources Office for consideration of the applicants by the Chancellor and the Board of Trustees. The final selection among recommended candidates shall rest with the Board of Trustees.
  - 5.10.6.3 Should the Chancellor (or designee) disagree with the Committee's selection, the reasons shall be given in writing and forwarded to the Committee within two (2) weeks after submission. In addition, the Committee shall review the report submitted by the unit member and shall recommend approval or disapproval to the College President or Associate Vice Chancellor, Human Resources.

5.10.7.2 If the unit member attended school/college during the leave, he/she shall also submit a transcript or other appropriate documentation showing satisfactory attendance and successful completion of the course work as soon as reasonably possible. Policies related to unsatisfactory completion of such studies shall be developed by the Committee.

5.10.8 Number of Leaves per Year

5.10.9 Service Agreement with the District

The successful applicant shall agree in writing to serve the District for a period of time which is equal to twice the period of the leave and shall begin his/her regular duties immediately after the completion of the leave.

5.10.9.1 If the required employment/service or other terms of the service agreement are not fulfilled, the unit member shall be required to repay to the District the cost of salary and benefits, including health benefit premiums, which were provided to the unit member during the period of the leave. If the unit member completes a portion of required service, a ratio shall be calculated based upon the amount of unserved time/service bears to the total required service period. Such ratio shall be applied to the total salary and benefit costs incurred by the District during the leave period and shall be owed to the District by the unit member.

5.10.9.2 This financial obligation shall not be required if death or permanent disability prevents fulfilling the work period required by the service agreement.

5.10.10 Salary and Benefits

The District shall provide eighty five percent (85%) of the unit member's regular pay during the period of leave as long as the leave period falls within the assigned or regular work period of the unit member. Monthly salary payment to the unit member shall be provided in the same manner but at the reduced amount. The unit member shall also receive the same level of health benefits or the District contribution amount

towards medical, dental and long-term disability coverage that is provided during his/her regular assignment when actively employed.

5.12.5 *Deliberations of the Committee*

The committee will deliberate the information received from members. If a consensus is reached by the committee, recommendations will be developed regarding job classifications. In the event of a dispute, both parties shall work together in good faith to resolve any disputes regarding job classifications. Until resolution, the job classification will maintain status quo.

# Article 7: Work Schedules

## 7.1 Work Schedule

The District retains the right to establish or modify schedules or hours of work consistent with State and Federal statutes. All members of the supervisors' unit are overtime exempt employees per Educational Code Section 88029 and the PERB unit determination.

8.1.3.2 If the unit member knows in advance that the absence may reasonably be expected to last ten (10) or more days (pregnancy, scheduled surgery, etc.), then the unit member may submit a written physician's statement to the supervisor (or designee) prior to beginning the sick leave in lieu of daily notification. The physician's statement shall include the beginning date and the anticipated ending date of said illness.

compensated no less than 50 percent of the employee's regular salary for the remaining portion of the 12-workweek period on parental leave. This leave shall run concurrently with leave provided under the California Family Rights Act (Ed. Code §88196.1) and with leave provided in 8.2.2.

8.2.4.1 Parental leave means leave for reason of the birth of a child of the employee, or the placement of a child with an employee in connection with the adoption or foster care of the child by the employee (Ed. Code §88196.1 (f)).

8.2.5 Five (5) days of absence with pay will be granted to a unit member at the birth of his/her child or at the time of legal adoption of a child or the day of adoptive placement of a child. This leave is in addition to the leave provided in Sections 8.2.1, 8.2.2, 8.2.3, and 8.2.4 above.

8.2.6 The District shall comply with all applicable state and federal laws pertaining to family care leaves and as more specifically expressed in the Family Medical Leave Act (FLMA), California Family Rights Act (CFRA), and Pregnancy Disability Leave (PDL) provisions.

### **8.3 Use of Accrued Sick Leave for Personal Necessity**

8.3.1 Seven (7) days of accrued sick leave may be used by a unit member during a fiscal year for the following personal necessity reasons: death of immediate family members when leave beyond that allowed by bereavement leave is required; accident involving the unit member or his/her property or an accident involving a member of the unit member's immediate family; appearance in court when the unit member is required to appear as a litigant or witness; religious observances of a unit member's faith; serious illness of a member of the immediate family; funeral for a very close friend or relative not included in section 8.3.3; imminent danger to the home of the unit member (such as danger occasioned by flood, fire, or earthquake or of such a serious nature that the unit member could not reasonably be expected to disregard it); inability to get to one's assigned place of duty because of transportation failure (mechanical); or prohibitive weather.

8.3.2 Medical and dental appointments of the unit member's dependents that cannot reasonably be scheduled at times other than working hours may be charged to personal necessity leave.

8.3.3 Immediate family includes: mother, father, grandparent or grandchild of the unit member or of the unit member's spouse or domestic partner; and step-mother, step-father, spouse, domestic partner, son, son-in-law, step-son, daughter, daughter-in-law, step-daughter, brother, brother-in-law, sister, sister-in-law, aunt or uncle of the unit member; child or sibling of domestic partner; wife or husband or domestic partner's child; or any person living in the immediate household of the unit member.

8.3.4 Up to one-half of a unit member's annual sick leave entitlement may be used to care for their ill immediate family member (as defined in 8.3.3) per the California Kin Care law. Leave used under this provision must be accrued (available) and counts towards personal necessity (8.3.1). If usage of this leave results in overuse of personal necessity, previous personal necessity taken during the year not qualifying under Kin Care law will be changed to vacation or unpaid time.

### **8.4 Transfer of Accrued Sick Leave – Between Employers**

A regular unit member who has been employed by another public school district within the State of California for a period of one (1) calendar year or more, whose employment has been

terminated for reasons other than action initiated by the employer for cause, and who accepts employment with Los Rios within one (1) year of termination with the former district, may have transferred all illness absence credit (sick leave) accumulated with the former district. In any case where a unit member was terminated as a result of action initiated by the employer for cause, such a transfer may be made if agreed to by the Board of Trustees. The unit member must initiate the transfer of sick leave. (Education Code 88202)

## 8.5 **Advance Sick Leave and Other Sick Leave (Five Month Law)**

8.5.1 In addition to accrued sick leave, a permanent unit member will be advanced sick leave up to the number of days allowable in the current fiscal year.

8.5.2 Furthermore, each fiscal year a total of one hundred (100) days of sick leave, including the accrued sick leave provided in Section 8.1 and Education Code 88191, will be credited to each member of the unit. Each day of "other sick leave" shall be compensated at the rate of fifty percent (50%) of the unit member's regular salary. The paid sick leave provided in this section shall be in addition to any other paid leave and shall be used after the exhaustion of the leaves provided in Education Code 88191 and 88192.

8.5.2.1 Allowable "other sick leave" shall not be accumulative from year to year, nor shall a unit member be credited with more than one (1) entitlement to "other sick leave" for a single illness or injury. Section 88196.5 of the Education Code is hereby referenced and considered included herein. Use of this five (5) month law requires submission of a physician's statement (see Section 8.1.4).

## 8.6 **Use of Vacation for Illness Absence**

Whenever the unit member uses all allowable sick leave, further absence will be charged against accrued vacation; or, with administrative approval, the unit member may take loss of pay rather than vacation.

## 8.7 **Industrial Accident**

Industrial accident is defined as an injury or illness supported by a physician's statement and qualifying as being work-connected under the Labor Code. The District maintains a combined self-insured and conventional insurance coverage for workers' compensation for the benefit of the regular unit member who sustains an injury or illness in the performance of the job. Upon hire, the District shall provide each new unit member a workers' compensation brochure which describes the District's program and benefits. The benefits described in this section are in addition to those benefits provided an employee under the Labor Code.

### 8.7.1 Allowable Days of Compensated Absence

All regular unit members who have completed three (3) full years of District service shall be granted industrial accident absences with full pay for each such accident or illness. This allowable leave shall not exceed sixty (60) working days for the same industrial accident. Allowable leave shall not be cumulative from year to year. When an industrial accident occurs at a time when the full sixty (60) days will overlap into the next fiscal year, the employee shall be entitled to only that amount remaining at the end of the fiscal year in which the industrial accident occurred.

8.7.1.1 Industrial accident absence shall commence on the first day the unit member is absent from work and shall be reduced by one (1) day for each day of the unit member's authorized absence regardless of any temporary disability award.

8.7.1.2 Modified work schedules may be provided for unit members who are eligible for industrial accident provisions. Such modified work schedules will be in accordance with the treating physician's instructions and with the concurrence of the administrative officer.

8.7.2 Availability During Industrial Accident Leave

If the unit member will be unavailable at his or her place of residence on any given day (24-hour period) during the industrial accident leave, he or she should notify the immediate supervisor to provide a telephone number where the unit member can be reached.

8.7.3 Reporting Industrial Accident

Unit members are expected to exercise due care in performing their duties and to report all hazardous conditions to their immediate supervisor. Should a unit member sustain an industrial accident on the job, the unit member shall notify his or her immediate supervisor and if not available, notify the department manager, immediately or as soon as he or she is physically capable of doing so and request that an industrial accident form be completed. It is the immediate supervisor's responsibility to ensure that an accident form is completed and forwarded to the administrative officer on the same day that the accident occurs. The administrative officer will file the report with the District Office within twenty-four (24) hours of the time of the accident. If the unit member is unable to report the accident, his or her family member or designated person should notify the unit member's supervisor.

8.7.3.1 Unit members have a right to receive medical care at any of the District's designated occupational medical facilities. The unit member may predesignate their own personal physician by filing a "Pre-Designation of Personal Physician" form prior to any industrial accident. If a unit member does not predesignate a physician, the physician from one of the District's designated occupational medical facilities will provide the first thirty (30) days of medical care, or until such time after thirty (30) days that the unit member designates a physician.

8.7.4 Eligibility for Industrial Accident Leave

Eligibility for industrial accident leave is contingent on the following conditions:

8.7.4.1 The unit member has reported the industrial accident to the appropriate supervisor as soon as possible after the unit member became aware of the injury; and

8.7.4.2 medical treatment has been provided by either the unit member's predesignated personal physician or a designated facility, and a medical verification report physician's statement (see section 8.1.4) has been filed with the District Employee Benefits Office; and

8.7.4.3 the industrial accident is verified to be work-related.

8.7.4.4 The unit member will receive copies of the claim form and can forward one (1) copy to the LRSA if he/she so desires.

8.7.5 Use of Earned Illness Leave

When the unit member's entitlement to industrial accident leave has been exhausted, the unit member's entitlement to earned sick leave will then be used.

8.7.5.1 If the unit member is receiving a compensation award, he or she shall be entitled to use only as much of his or her accrued sick leave or vacation

as, when added to the compensation award, will provide for a full day's pay.

8.7.6 *Indemnity Checks*

During any period the unit member is off work on industrial accident leave, eligible temporary disability checks will be paid to the District. The District, in turn, shall issue the unit member an appropriate salary warrant for the payment of not more than his or her full salary and shall deduct normal retirement and other authorized contributions and deductions from such warrants.

8.7.7 *Employee Status During Industrial Accident Leave*

Periods of paid industrial accident leave shall not be considered a break in the unit member's service.

8.7.8 *Physician's Determination Regarding Employee's Health*

Unit Members requesting a return to duties shall be required to submit a physician's statement assessing their ability to perform normal duties assigned to the position (see section 8.1.4 for definition of physician). The attending physician's determination will be subject to the Workers' Compensation Law.

8.7.8.1 With administrative approval and with the physician's authorization, modified work schedules or work assignments on a temporary basis at the unit member's regular rate of pay (limited duty program) may be accommodated for unit members who are eligible for industrial accident provisions.

8.7.8.2 With the limited duty program, the work assignments shall match the abilities and skills of the unit members with the limitations and restrictions prescribed by the physician.

8.7.9 *ADA/FEHA Reasonable Accommodations for Qualified Individuals with Disabilities*

Once it is ascertained that a person is a qualified individual with a disability, the District will engage in a timely and interactive process with the employee to determine if the unit member can perform the essential functions of his or her job with or without reasonable accommodations. Unit Members should inform their supervisors of the need for reasonable accommodations.

8.7.10 *Reemployment List*

If, at the conclusion of all leaves of absence, paid or unpaid, the unit member is still unable to assume the duties of his or her position, the unit member shall be placed on a reemployment list for a period of thirty-nine (39) months. If at any time during the thirty-nine (39) months the unit member is able to assume the duties of the former position, the unit member shall be reemployed in the first vacancy in the classification of his or her previous assignment. His or her reemployment will take preference over all other applicants except those laid off for lack of work or funds, in which case the affected employee shall be ranked according to his or her proper seniority. If the unit member refuses the offer of reemployment, he or she shall be removed from the reemployment list and shall have no further rights of reemployment accorded a unit member on the 39-month reemployment list.

8.8 **Catastrophic Illness or Injury Leave Program**

The purpose of the Catastrophic Illness or Injury Leave Program is to establish a program where unit members may donate eligible leave credits to a Catastrophic Illness or Injury Leave Bank that may be used by an eligible unit member when that unit member or a member of his or her immediate family suffers from a catastrophic illness or injury. The bank will be a pool available to any eligible unit member from a participating bargaining unit or employee group. For purposes of

administering the program, the Catastrophic Illness or Injury Leave Program shall operate on a cycle of three years.

8.8.1 Definitions

For purposes of this section, the following terms are defined as follows:

8.8.2 Catastrophic Illness or Injury

Catastrophic illness or injury means an illness or injury that is expected to incapacitate a unit member from work for an extended period of time, or that incapacitates a member of the unit member's immediate family which incapacity requires the unit member to take time off from work for an extended period of time to care for that family member, and taking extended time off work creates a financial hardship for the unit member because he or she has exhausted all of his or her eligible sick leave, vacation, and other paid time off (except Five Month Law) and is in less than full pay status.

8.8.3 Eligible Employee

An eligible unit member is a permanent employee of the District who is not receiving benefits under the District's Industrial Accident program and who is not eligible for or receiving benefits from the District's Disability Income Protection program. Donations must be in a minimum block of three (3) hours but not more than forty (40) hours per solicitation. A donation once made shall be irrevocable. Donations may only be made upon an official solicitation by the District.

8.8.8 Probationary Employee Restriction

In the event the probationary unit member does not complete his or her probationary period, his or her vacation donation will be restored to the unit member.

- 8.8.9 Solicitation of Donations  
Annually, the District shall solicit donations to the Catastrophic Illness or Injury Leave Bank. The annual solicitation shall occur in April. More frequent solicitations by the District may be made if the Catastrophic Illness or Injury Committee deems it appropriate.

In order to approve or disapprove a requested leave a quorum of the Committee, defined as three (3) or more voting members, must be present to vote. The Committee shall also be responsible for determining if additional solicitations other than the annual solicitation in April are needed.
- 8.8.15 Committee Limitation  
The Committee may not approve a Catastrophic Illness or Injury Leave that exceeds the available funding in the Catastrophic Illness or Injury Leave Bank.
- 8.8.16 Application for Catastrophic Illness or Injury Leave  
An eligible unit member who is vested in the Catastrophic Illness or Injury Leave Program and who has satisfactorily completed his or her probationary period may apply for Catastrophic Illness or Injury Leave by submitting an application for such leave to the Director of Human Resources. To be vested, an eligible unit member must have donated a minimum of three (3) accrued, unused vacation hours within each cycle, as defined in Section 1.0 of the Catastrophic Illness

or Injury Leave Program. The unit member must be vested in the cycle of the Catastrophic Illness or Leave Program in which they apply for a Catastrophic Illness or Injury Leave.

8.8.18 Physician Statement Required

A physician's statement verifying the unit member's incapacitation or the incapacitation of a member of the unit member's immediate family which incapacity requires the unit member to take time off from work to care for that family member must accompany the application for Catastrophic Illness or Injury Leave.

8.8.19 Length of Leave

The length of a Catastrophic Illness or Injury Leave shall not exceed ninety (90) calendar days commencing from the first day that the unit member is in less than full pay status.

8.8.20 Requirement to Exhaust All Eligible Paid Leaves

8.10.2 When a unit member is temporarily called to active military duty to attend military field training exercises, he or she shall be entitled to be paid the difference in his or her regular salary and his or her military duty pay. This differential will be paid for the work days he or she is absent during the first thirty (30) calendar days, providing the absence is during the unit member's regular annual work schedule.

8.10.3 To qualify for the benefits provided, the unit member must forward a written request for leave accompanied by a copy of the field order to the site administrative officer for forwarding to the District Human Resources Office prior to reporting for training or duty unless ordered to report immediately.

8.11 **Jury Duty**

8.11.1 A unit member who is called for jury duty shall be granted the necessary time off with pay, and, if necessary, will be temporarily reassigned to a work shift that coincides with the time the unit member is required to serve on jury duty to fulfill this obligation. This is not applicable to any voluntary service. The unit member serving as a member of a jury will receive full pay from the District provided the person signs over and remits to the District all compensation received for such jury duty exclusive of mileage, meals and/or parking expenses.

- 8.11.2 For purposes of this section only, when a unit member is required to report for jury duty, the unit member's normal work schedule will be adjusted to reflect that the unit member's work hours fall within the hours of 8:00 am to 5:00 pm.
- 8.11.3 If a unit member is released from jury duty prior to having completed the regular number of work hours for that day, the unit member is expected to return to work and complete his/her work hours for that day.

- 8.16 **Required Court Appearance**

- 8.16.1 One (1) day of absence per year, with pay, will be allowed for a unit member to appear as a witness in court if subpoenaed as a litigant or to respond to an official order from another governmental jurisdiction for reasons not brought about through the connivance or misconduct of the unit member. An exception is to be made if the unit member is acting in the capacity of witness at the request of the District's legal counsel on behalf of the District. In such instances, the unit member will be treated as if in paid status (e.g., as if attending a workshop).
- 8.16.2 A copy of the subpoena must be attached to the Cumulative Absence Report form submitted by the unit member.
- 8.16.3 The unit member is expected to return to work whenever it is not necessary to be absent the entire day providing the return does not create unreasonable expectations of the unit member.

A Dependent Care Assistance Program is provided to unit members as permitted by Internal Revenue Code 125. This plan allows unit employees to annually elect to have a specified amount withheld from the salary payments for dependent care costs before income taxes are calculated. Employees must file claims for reimbursement with the District when eligible costs have been incurred which then allows unit members to pay for dependent care costs with pre-tax dollars. The District also has a Medical Expense and Limited Purpose Flexible Spending Account (FSA) plan. This plan enables employees to fund eligible uncovered medical/dental/vision expenses with pre-tax dollars. Typical out of pocket expenses eligible under this plan include, but are not limited to, vision care expenses such as eyeglasses and contact lenses, orthodontia, medical and dental co-pays. The Limited Use FSA is also provided which allows employees who have a Health Savings Account to fund eligible uncovered dental/vision expenses with pre-tax dollars.

11.2.2.1 If a unit member's monthly pay is not adequate to allow for the dependent care or FSA deduction, that month's deduction will be skipped.

11.2.3 The District may charge participants a fee to cover the costs of administering the program by a third party administrator. LRSA shall participate in the selection of any new third party administrator through the District Insurance Review Committee.

11.2.4 A detailed description of plan benefits, eligible costs, and requirements can be obtained by contacting the Los Rios Employee Benefits Office. 11.2.5 Participation in the plan requires an annual election made at the time of hire or during the open enrollment period each year. There are no other opportunities during the year for unit members to elect to participate in the plan.

11.2.6 Continuation of this plan is subject to the Internal Revenue Code. Should the code be changed or modified in any way, the plan shall be amended to comply with any federal/state changes and as determined by the District and LRSA through the District Insurance Review Committee.

Any change in the contribution should be agreed to by the District and LRSA prior to the annual open enrollment period each year for the coverage year starting July 1st.

11.3.1 The maximum District contribution amount in 2022-23 is currently established at \$1,327.00 per month for Kaiser Health, Western Health Advantage and Sutter Health participants. Increases to the District contribution level for 2022-23, and 2023-24, and 2024-25 shall be funded from defined revenues described in Appendix A of this Agreement, and are subject to meeting and negotiating with LRSA. Such negotiations shall occur after the Insurance Review Committee has recommended the plans for the ensuing year and any changes to the District contribution should be agreed to prior to the commencement of open enrollment. The District will notify the employee in writing of the provision of this section. The employee must then request enrollment in writing and within sixty (60) days of the effective date of the increased assignment. Coverage for this benefit would be effective the first day of the second month following written submission of enrollment application(s) to the Employee Benefits Department. Conversely, the District will allow a regular employee who is enrolled, to dis-enroll in existing medical and/or dental insurance programs and other optional benefits when the employee realizes a reduction in District contribution due to a permanent decrease in hours of employment.

11.7.3 For each participating member whose regularly assigned work schedule is less than fifty percent (50%) of a full-time equivalent (FTE) position, the District contribution level for medical and dental coverage shall be a proportionate amount of the maximum amount per LRSA Contract sections 11.3, 11.4, and Appendix A. For example, the District contribution level for a regular unit member working ten hours per week for ten months would be twenty one percent (21%), which is computed as follows:

$$10 \text{ hours}/40 \text{ hours} = 25\%$$

$$10 \text{ months}/12 \text{ months} = 83\%$$

$$25\% \times 83\% = 20.8\% \text{ of the maximum District contribution level.}$$

11.7.4 Participating unit members who incur a loss of pay in which the time off is not covered under Five Month Law leave or State or Federal leaves, such as FMLA/CFRA, will receive a District contribution towards medical and dental benefits based on the number of paid hours compared to the number of full-time hours payable in that month.

### 11.8 **Payroll Deductions Schedule**

The District will continue to pay the established amount for medical and dental insurance coverage for the unit member as long as he/she remains in paid status. Any out-of-pocket costs for the selected insurances shall be deducted over the pay period of the employee.

The unit member shall immediately notify the District if disability payments cease.
- 11.11.5 After the twelve-month period, unit members qualifying to receive payment under the terms of the policy for disability income protection may continue to be covered under the District's medical benefits program through COBRA at the employee's expense provided that the program or policy permits such participation. - 11.14.2.2.3 If the premium is greater than the District contribution, a monthly withdrawal will be made from the retiree's bank account for the difference. Two or more failed transactions due to lack of funds will result in termination of coverage and the loss of the ability to be covered under a Los Rios plan, except as provided in 11.14.5.1.1.
- 11.14.2.2.4 If the monthly contribution is stopped due to lack of proof/evidence of premium cost, a closed bank account, etc., the contribution will be restarted prospectively, only.
- 11.14.2.2.5 If the premium owed is less than the District contribution, the retiree will be eligible for reimbursement of other medical premiums such as Medicare Part B or D, provided proof/evidence of premium cost is received.

11.14.3 Eligibility to Participate in Retiree Medical Plans

- 11.14.3.1 Retirees who are eligible for the District Contribution as specified in 11.14.2 are eligible to participate in the District's retiree medical plans.
- 11.14.3.2 Retirees who are not eligible for the District Contribution as specified in 11.14.2 may enroll in a retiree medical plan upon retirement if they have the equivalent of ten (10) years of full-time service with the District.
- 11.14.3.3 Dependents of retirees are eligible to participate in the District's plan, as long as the retiree is also a participant, and may enroll at the same time as the retiree or during any open enrollment period. Enrolled dependents may continue to participate in a District plan following the retiree's death, but may not re-enter the plan if they dis-enroll after the retiree's death.

11.14.4 Selection of a District Medical Plan

Retirees may enroll in or change plans at the time of retirement if allowed by the medical carriers and must participate continuously in the retiree group plan in order to remain on a District retiree medical plan, except as provided in Articles 11.14.5.1.1 and 11.14.5.2. In addition, the retiree will be provided the opportunity to change to a different District health plan during each annual open enrollment period.

11.14.5 Non-District Plan

11.14.5.1 The retiring employee may elect to be covered by a health plan other than a District health plan and the established monthly District contribution level shall apply if the retiree is eligible for the District contribution and incurs an out-of-pocket premium expense. Annual verification of premium cost is required. If verification is not received when requested, the District contribution will be stopped until verification is received and will be reinstated prospectively only. Except as provided below, once a health plan other than the District's plan is selected, the retiring employee or retiree will not be allowed to re-enroll in a District health plan unless an open enrollment period for such retirees is approved by the District health carriers and offered by Los Rios.

- 11.14.5.1.1 Retirees eligible to participate in a District Retiree Medical plan who retire before the age of sixty-five (65) may choose a health plan other than a District health plan either at the time of retirement or during retirement, prior to

age 65, without forfeiting their ability to enroll in a District health plan upon turning sixty-five (65).

11.14.5.1.2 If such enrollment paperwork is not received in Employee Benefits within the 7-month window of turning sixty-five (65), the retiree will not be able to enroll at a later date. The 7-month window coincides with the Medicare enrollment window and includes the three months prior to turning sixty-five (65), the month of turning sixty-five (65), and the three months after turning sixty-five (65). The retiree must be enrolled in Medicare Parts A and B. Enrollment in the Los Rios plan must coincide with enrollment in Medicare.

11.14.5.1.3 To enroll in a District health plan, retirees who were not enrolled in a District plan must provide evidence of continued coverage from the date of retirement, or cancellation of the Los Rios coverage, whichever is later, to the date of enrollment in Medicare and a Los Rios plan. The retiree must provide evidence of enrollment in Medicare Parts A and B. It is the retiree's responsibility to monitor this and contact the Los Rios Employee Benefits Department and submit required paperwork within the timeline

11.14.5.2 Articles 11.14.5.1.1 applies to retirees who become Medicare eligible for a health-related, or any other, reason prior to turning age sixty-five (65). The same requirements apply as stated in Article 11.14.5.1.1, but the 7 month window is based upon the date they become Medicare Eligible.

11.14.6 Retiree Dental

The District may offer a group dental insurance plan to retirees. The District contribution cannot be used toward dental premiums

# Article 12: Grievance Procedure

## 12.1 Definition

12.1.1 For the purpose of this Agreement, a grievance is an allegation, either oral or written, by a member of this bargaining unit, a group of members (if they allege the same violations), or the bargaining unit itself (if alleging a violation under Article 5) that the grievant (or grievants) has been adversely affected by a violation, misapplication, or misinterpretation of the terms of this Agreement.

12.1.2 Both parties agree that the purpose of this grievance procedure is to resolve grievances at the lowest possible administrative level.

12.1.3 All levels of the grievance procedure must, unless otherwise mutually agreed to by the parties of this Agreement, be exhausted prior to seeking other relief.

## 12.2 Exclusions

Specifically excluded from this procedure are those issues, including dismissal actions, for which other appeal and adjudication processes are provided in state law, including any dispute concerning:

- a. Recognition
- b. No Strike Clause
- c. Management Rights
- d. Evaluation Standards Employed/Judgment Rendered
- e. Discipline/Discharge

## 12.3 Conditions of the Grievance Process

### 12.3.1 Unit Member Representation

The unit member may be represented by the Association at any level of the grievance procedure.

### 12.3.2 Definition of a Day

A day is any day Monday through Friday except legal and Board-declared holidays.

### 12.3.3 Time Limits

Time limits specified in the grievance procedure may be waived by mutual written consent of the unit member and the District. Failure to submit the grievance in accordance with time limits (unless waived by both parties) shall constitute abandonment of the grievance. Failure by the District to submit a written reply within the specified time at any step shall permit the grievant to proceed to the next grievance level.

12.3.3.1 Appendix B contains a grievance timetable-tracking sheet.

12.3.4 A grievance may be terminated at any time upon receipt of a signed statement from the unit member or his/her unit representative that the grievance has been resolved.

### 12.3.5 Release Time

The grievant (and Association representative where applicable) and witnesses, when called, may be released from duty when necessary to attend official conferences or hearings with the District at each level of the grievance procedure.

12.3.6 Grievant Rights  
Should the grievance proceed to a hearing before the Board of Trustees, the grievant has the right:

- a. To be present at the hearing
- b. To hear testimony presented to the Board
- c. To give testimony in his/her own behalf
- d. To call others to give testimony in his/her behalf
- e. To question (personally or through representation) any person giving testimony
- f. To be accompanied by counsel

12.3.7 Records  
All records of the grievance shall be filed with the District Human Resources Office separately from the personnel files of the participants. Upon written authorization of a unit member, his/her designated representative may review the unit member's personnel file.

12.3.8 Non-Reprisal  
Neither the Board of Trustees, nor any member of the administration nor the Association shall take reprisals affecting the employment status of any unit member of the District by reason of the unit member's participation in a grievance procedure.

12.3.9 Consolidation  
If the same grievance or substantially the same grievance is made by more than one (1) grievant, LRSA and the District by mutual agreement shall be allowed to consolidate such grievances and process them as if they were a single grievance.

## 12.4 **Processing of Grievance**

Grievances will be processed in the following manner and within the stated time limits. A written grievance must be filed within twenty (20) working days of the time when the grievant knew, or with due diligence should have known, of the event giving rise to the alleged violation.

## 12.5 **Pre-Grievance Dispute Resolution**

Step 1: Prior to filing the written grievance, the unit member shall attempt to settle the dispute by meeting with the immediate supervisor. If the grievance is not resolved at the informal conference, the unit member may proceed to the formal grievance procedure by filing the grievance form or proceeding to Step 2 of pre-grievance dispute resolution.

Step 2: Parties should exhaust an alternate dispute resolution process, such as the Interest Based Approach (IBA), before submitting a grievance at Level 1 of this procedure. This process may include the use of a disinterested third party to assist in the dispute resolution and/or may involve the next level of management along with a unit representative. A list of individuals trained in mediation or interest-based resolution processes will be maintained by the LRSA and the District so that a mutually agreed-upon person from this list can become a resource to this process. Timelines are held in abeyance during any pre-grievance dispute resolution process but can be restarted by either party at any time.

## 12.6 **Grievance Dispute Resolution**

12.6.1 Level I – Immediate Manager

All other costs will be borne by the party incurring them.
- g. Every reasonable effort shall be made to conduct a hearing by the Board of Review with the parties to the grievance within twenty-five (25) working days. The parties to the grievance will be allowed to attend all hearings at which information is given to the Board of Review. Sessions of the Board of Review shall be private with attendance limited to the members of the Board of Review, the parties to the grievance, their representatives, if any, and witnesses called by the Board of Review. During the pendency of a proceeding before the Board of

Review, no disclosure of the proceedings shall be made public without concurrence of the chairperson and the parties to the grievance. The Board of Review shall issue its decision no later than twenty (20) working days from the date of the close of the hearings. Its decision shall be in writing, shall include findings of fact, reasoning and conclusions on issues submitted, and shall be transmitted promptly to all parties in interest and the Board of Trustees.

- h. The Board of Review shall have no right to amend, modify, nullify, ignore, add to, or subtract from the provisions of this Agreement. They shall consider and decide only the specific issue submitted to them in writing by the Board's representative and the aggrieved and shall have no authority to make recommendation on any other issue not so submitted to them. Cases where the amount in controversy is \$5,000 or less that are determined by the Board of Review shall be binding on the parties but shall not be considered precedent setting.
- k. Where any grievance is appealed to the Board of Review on which the Board has no power to rule, it shall be referred back to the parties without decision or recommendation on its merit.

12.6.5 Final Level – Board of Trustees

Except as provided in Section 12.6.4 (j), the decision of the Board of Trustees shall be final and supersede all previous decisions. The Board of Trustees shall render a final decision within forty-five (45) working days after receipt of the appeal and shall transmit it promptly to all parties in interest. If, during its deliberations on the matter, the Board of Trustees receives evidence from either party to the grievance, it shall immediately notify in writing the other party or the unrepresented grievant and provide them the opportunity to produce any evidence in response on the issue(s) in question before it renders its final decision.

# Article 13: Safety

Safety is a mutual concern to both unit members and employer. The District recognizes its responsibility to comply with Cal-OSHA regulations in providing unit members with safe working conditions. District unit members and the Association recognize their duty to follow safe working procedures, to utilize appropriate safety gear, and to submit written reports of unsafe conditions. Unit members should report conditions deemed to be unsafe or hazardous or which represent a danger to health or safety.

13.1.1 Any on-the-job disputes over safety conditions that cannot be resolved between the unit member and the immediate supervisor will be addressed to the Location Safety Officer. 13.1.2 The District is required by law and certain provisions of its collective bargaining agreements to notify faculty, staff and/or students in the event there is a credible threat of bodily harm or injury to that person arising out of the course and scope of their activities with the District. To facilitate this notification, if a supervisor receives credible information of circumstances which pose a direct and serious threat to the health or safety of any unit member, staff, or student, the supervisor shall notify the supervisor's manager in a timely manner regarding the threat, unless public safety officials direct otherwise.

## 13.2 Location Safety Committees

Every effort will be made to provide a satisfactory solution to safety concerns. # Appendix A: Salary & Benefits

## A.1 Funding Sources for Salary & Benefit Improvements

The bargaining unit shall receive its proportionate share of eighty percent (80%) of certain new or increased unrestricted revenue which is above an established base amount.

The bargaining unit's proportionate share of such revenues is based upon:

- 1) The unit's total salary and benefit cost, including the cost of District contribution towards health coverage for all authorized/filled positions associated with the LRSA unit which is compared to the total District salary, benefit, and District contribution costs for authorized/filled positions of all District employee groups.
- 2) Authorized/filled positions which are funded from special programs/categorical funds are excluded from calculations of both LRSA unit's cost and other employee group costs.
- 3) The salary and benefit costs including the District contribution costs associated with contract managers are also excluded.
- 4) "Contract year" consists of the fiscal years 2022-23, 2023-24, and 2024-25.
- 5) Any reference to "prior year" refers to the fiscal year preceding one of the contract years stated above.

The determination as to whether such defined revenues are continuing or one-time-only is defined below but may be modified during the term of this contract due to new State laws or regulations. Such revenues and related base amounts associated with such revenues are defined as follows:

### A.1.1 Base Revenues (Basic Allocation plus Base Full-Time Equivalent Students; funded by State General Apportionment, Property Taxes, Education Protection Account (EPA) and Student Enrollment Fees)

The base amount for the contract year is the revenue level recognized in the prior fiscal year that was used for retroactive salary improvement calculations for that year including any prior year Cost of Living Adjustments (COLA), and prior year Growth Funds and reduced by any State deficit, which may be applied retroactively. Base revenues are generally considered continuing funds and shall be used to fund continuing salary and benefit costs applicable to LRSA unit members.

### A.1.2 COLA

New or increased revenues above the base amount are generally derived from two primary sources: 1) Cost of Living Adjustments (COLA); and 2) Growth Funds. The determination, availability, and distribution of the bargaining units proportionate share of new or increased revenues due to the COLA factor applied to Base Revenue is dependent upon the final adoption of the State budget and the reliability of receiving such entitlements. An initial salary schedule improvement may be implemented for the fiscal year based upon COLA funds authorized in the State budget for community colleges provided that such COLA revenues are reliable (no projected State funding deficit) and subject to the use of such funds as provided in section A.2.

### A.1.3 Growth Funds

After providing for specified costs associated with student growth, as described in

Attachment 1, net Growth funds are considered continuing funds and are proportionately allocated to the unit. Growth funds are attributed to either an increase in funded Full-Time Equivalent Students (FTES) or an increase in the District's Basic Allocation.

A.1.3.1 Cost Reduction

As described in Attachment 1, any cost savings which were previously funded from student growth funds shall be included in the calculation of net available Growth Funds.

A.1.4 Lottery Revenue

The initial base amount for Lottery revenue is established at \$3.3M. Effective July 1, 2000, fifty percent (50%) of Lottery revenues above 1997-98 revenues are restricted per the conditions set forth in Proposition 20. Such restricted amounts may not be used for salaries and benefits and, therefore, are excluded from the provisions of this section.

In 2014-15 the base amount for unrestricted Lottery revenue was increased by \$2.6M to a new established base of \$5.9M. Eighty percent (80%) which is \$2.08M of the increase was considered a continuing resource and the proportionate amount of such funds was provided to LRSA through the proportionate share calculation as a continuing resource.

Lottery revenues below the base amount of \$5.9M shall reduce available continuing funds. Any revenue received above the established base of \$5.9M is considered one-time-only revenue and the proportionate amount of eighty percent (80%) of such funds provided to the LRSA unit as a non-continuing resource.

A.1.5 State Mandates

Mandate Block Grant is unrestricted funding provided to districts that elect to receive a block grant in lieu of filing claims seeking reimbursement for mandated activities for a specific fiscal year. If the State budget includes mandate block grant funding during the contract year and the District elects to receive the block grant in lieu of filing a claim, eighty percent (80%) of that amount will be allocated to the compensation calculation to be distributed to the LRSA unit based upon its proportionate share. This resource is categorized as one-time only funding.

A.1.6 District Contribution Reduction

Should the District contribution for medical and dental coverage be reduced in a contract year below the preceding year's established level, the related reduction in District contribution costs for unit members shall be returned to the unit as a source of funds.

A.1.6.1 The amount of funds attributed to any premium reductions in a contract year shall be distributed to unit members in combination with any Growth funds.

A.1.7 Salary Savings (Decrements)

Any net salary savings after replacement costs are considered resulting from unit member retirements or resignations will be included as a resource for the unit. Replacement cost is typically step one (1) for the vacated position but can be higher if the person hired to fill the vacated position is placed at a higher step. Savings for positions vacated at the end of the academic or fiscal year will be included in the calculation for the following year. Any position that is not filled within the year of including the decrement will be calculated based upon the step 1 value for that position's classification. Net salary savings may be used to:

- A.1.7.1 Address the unit's proportionate share of any reductions in Base revenues below the defined base, and
- A.1.7.2 Remaining salary savings shall be available to the unit as another resource.

A.1.8 State Revenue Recalculations

Should Base, COLA, Growth or Lottery revenues be increased or reduced as a result of retroactive calculations performed by the State Chancellor's Office (February of the following year Recalculation for prior year revenues or other state computations), such revenue adjustments for the prior year shall be applied to current year revenue computations as per Section A.1.

A.1.9 Carry Forward of Continuing or One-Time Only Funds from prior year

A.1.9.1 Staff Development Leave Program

Annually, \$20,500 will be appropriated for leaves as specified in 5.10.2. Unexpended funds from this allocation will be combined with the unexpended amount of prior years' carryover for other staff development activities. The total amount up to \$61,500 will be appropriated in the following year for other staff development activities. For any year when the cost of a leave(s) exceeds the \$20,500, the excess will be charged against the carryover allocation. A charge will be made against the unit's one-time resources to ensure a minimum of \$41,000 for the following year's carryover for other staff development activities.

A.1.9.2 Other Resources

Should the Unit and the District agree to defer either continuing or one-time funds from a prior year calculation such funds will be combined with other available resources for the following contract year.

**A.2 Distribution or Allocation of Funds**

The Unit's proportionate share of such additional funds as defined in A.1.1 through A.1.9 shall be applied in the following priority order:

- A.2.1 The cost of step increments for a contract year for unit members and any prior year step increment or other continuing costs which were not adequately funded from prior years continuing funds; the unit shall bear the cost of step and longevity increments for all members except as follows. In the initial year of hire, if a member is placed on either of the highest two steps of the LRSA schedule and/or is entitled to a longevity increment(s) when placed, the District will provide to the unit resources to pay the portion of the placement cost associated with the highest two steps and/or the longevity increment(s). This exception applies to replacement hires only or for a new position when the new position is a conversion of an existing position. Increment costs associated with the reclassification or promotion of an existing member, or from a growth position, shall not be included in the determination of the amount provided by the District; then,
- A.2.2 Any increased District cost of providing disability insurance coverage, unemployment insurance coverage, or other increased payroll-related benefits to unit members in a contract year; then
- A.2.3 The increased cost over the prior year level of providing the District contribution for medical coverage up to the amount agreed to per Article 10.2.

A.2.3.1 For 2022-23, the maximum District contribution amount is currently established at \$1,327.00 per month (12 month basis). The contribution level is only made up to the premium level for the plan selected. The amount of the contribution will be determined each year based upon negotiations with the unit.

A.2.3.1.1 The District will contribute to a Health Savings Account (H.S.A.) for regular employees who select the Western Health Advantage High Deductible Health Plan (WHA HDHP). The maximum contribution level is either \$100 per month or \$150 per month, dependent upon single or family coverage, respectively. The contribution will remain in effect for the contract term unless the WHA HDHP is discontinued or as long as the WHA HDHP premium plus the H.S.A. contribution is less than or equal to the District contribution.

A.2.3.1.2 The District will contribute to a Health Savings Account (H.S.A.) for regular employees who select the Sutter Health Plus High Deductible Health Plan (SHP HDHP). The contribution level for 2022-23 is \$0.00 per month. The contribution level for 2023-24 and 2024-25 will be determined following negotiations regarding the contribution amount for medical coverage for that year. The maximum contribution level is either \$100 per month or \$150 per month, dependent upon single or family coverage, respectively. A contribution will remain in effect for the contract term unless the SHP HDHP is discontinued or as long as the SHP HDHP premium plus the H.S.A. contribution is less than or equal to the District contribution.

A.2.3.1.3 The District will contribute to a Health Savings Account (H.S.A.) for regular employees who select the Kaiser High Deductible Health Plan (Kaiser HDHP). The maximum contribution level is either \$100 per month or \$130 per month, dependent upon single or family coverage, respectively. The contribution will remain in effect for the contract term unless the Kaiser HDHP is discontinued or as long as the Kaiser HDHP premium plus the H.S.A. contribution is less than or equal to the District contribution.

A.2.3.2 The District carriers providing medical coverage to LRSA members in 2022-23 are:

Kaiser Health Plan  
Sutter Health Plus  
Western Health Advantage

And the established District contribution will apply to any of the health plans selected by the unit member that are offered by the District as recommended by the Insurance Review Committee. The carriers in subsequent years will be determined by the Insurance Review Committee.

A.2.3.3 The contract year District contribution shall be provided to each participating regular employee as defined in Article 11 of this Agreement.

A.2.4 The increased cost in a contract year, if any, for increasing the prior year District

contribution for monthly dental premiums up to the contract year monthly premium amount. For 2022-23, the District contribution level is currently established at \$133.00 (12 month basis).

A.2.4.1 The contract year District contribution shall be provided to each participating regular employee as defined in Article 11 of this Agreement.

A.2.5 Premium increases above \$6.75 per month per participant (guaranteed through 2022-23) for \$50,000 in term life insurance and accidental death and dismemberment coverage.

A.2.6 Remaining funds shall be used to compute the salary and payroll-related fringe benefit improvements on an annual basis for the current year and shall be effective for services rendered as of July 1, of the current year, unless the District and the Unit agree to defer remaining funds, if any, to future years. The PERS rate to be used for determining continuing salary schedule improvements shall be the projected PERS rate for 2024-25 at the time of the calculation. The cost of any salary schedule improvements provided in advance of the final determination of revenues available to LRSA shall be considered in the retroactive salary calculations. If no salary improvement has been advanced, then any retroactive salary payments for services rendered for the contract year will be paid as a one-time improvement for that year.

A.2.6.1 The District and LRSA unit representatives will meet following the close of the District's financial records to review the calculation. Any continuing improvements from the remaining funds to either salary or benefits for unit members must be supported by continuing resources.

A.3 Any improvements in District contribution levels toward medical and dental premiums will be effective July 1 of the contract year, or the beginning of the plan year, if different than July 1.

A.4 The costs defined in Section A.2 are considered continuing costs and require continuing" funds (as defined in Section A.1) in order to continue the funding support of such costs in succeeding fiscal years. Any of the above costs funded in a contract year from one-time-only revenues (as defined in Section A.1 shall be considered one-time-only distributions/improvements for the contract year.

A.5 The District and LRSA shall meet, if requested by either party by February 1<sup>st</sup>, each Spring of the 2022-25 contract to discuss possible options for the distribution of LRSA's proportionate share of available revenues defined per Appendix A of the 2022-25 Agreement. The options will include increasing the 20- and 25-year longevity increments from 2% to 4%. The increase to the longevity will be considered after the salary schedule has received at least a 2% overall improvement.

A.5.1 It is understood that the cost of funding annual step increments shall have first priority on such available funds.

A.6 **Scheduled Distribution of Lottery Revenues**

The increase in funds attributable to lottery revenues above the base amount stated in Section A.1.4 shall be considered one-time-only payments and will be distributed to LRSA unit members on an annual basis with other retroactive salary compensation for the fiscal year.

A.6.1 If lottery revenues can be reasonably estimated at the time of processing any retroactive salary payments, such lottery funds shall be included in the scheduled retroactive compensation improvement. Any revenue differences between actual lottery

revenues received for this fiscal year compared to the lottery revenue estimates used in the improvements to salary and benefits shall be included in the succeeding fiscal year revenue distribution to LRSA.

A.6.2 The District Office Business Services staff shall inform LRSA of the lottery amount received annually.

**A.7 Distribution of Available Resources**

The distribution of net resources as defined in A.2.6 shall be made no later than sixty (60) days after the final status of such funds is determined by the California Community Colleges Chancellor's Office, or the close of the District's fiscal year, whichever is later.

A.8 Salary savings resulting from unclaimed Dependent Care Assistance Program or Flexible Spending Plan elections by LRSA unit members will revert to unit members who participated in the plan(s) per Internal Revenue Service code net of any costs associated with the plan administration.

**A.9 Other Unrestricted Funds**

Should other new state unrestricted revenues become available in a contract year as a result of changes in funding legislation or excess unrestricted funds above the state's appropriation limit, such new revenue source(s) shall be subject to further negotiations.

A.9.1 The District shall notify the LRSA unit of such new unrestricted revenues which are subject to further negotiations.

**A.10 Excluded Revenue/Funding Sources**

Other state revenues not defined herein and other categorical apportionment funds, state apprenticeship, and other restricted or designated revenue sources shall be excluded from any computations of the bargaining unit's proportionate share of funds.

**A.11 Ten Percent (10%) Limitation**

Should the contract year revenues as defined above provide sufficient funding for salary, fringe, and health benefit improvements, including step changes and other mutually agreed upon allocations which result in a distribution in excess of ten percent (10%), such excess funds above ten percent (10%) shall be subject to further negotiations for the contract year.

A.11.1 The District shall notify the LRSA unit of such excess funds above the ten percent (10%) level as it relates to the revenues defined herein.

**A.12 Review of District Records**

Records maintained by the District Office Business Services Department which relate to the implementation and calculation of LRSA's proportionate share of the defined funds shall be available for review by representatives designated by the LRSA Executive Board. LRSA and Business Services representatives shall meet at a mutually agreeable time. Business Services representatives will provide copies of any records upon the request of the designated representatives during their review of the records.

Annual reports which summarize the calculation of LRSA's proportionate share of defined funds and the allocation/distribution of such funds shall be prepared by Business Services representatives. All such summary reports relating to the implementation of this Appendix shall be provided to designated representatives of LRSA.

**A.13 Changes in Funding Formulas for Community Colleges**

Should the funding formula for community colleges change substantially which affects the application of the contract provisions, the above Sections A.1 to A.4 shall not apply. Such new unrestricted funding provisions shall be subject to further negotiation for the contract year.

**A.14 Reduction or Insufficient Defined Revenues**

Should the total of all defined revenue/resources for a contract year be less than the various specified base amounts stated in section A.1 including all sub-sections, LRSA unit members shall bear their proportionate share of such reduced or insufficient funding levels. The bargaining unit's proportionate share reduction shall be based upon its share of eighty percent (80%) of Base, COLA and Growth revenue and/or other revenue reductions.

A.14.1 LRSA's proportionate share of computed revenue reductions shall be applied to: a) salary schedule adjustments; b) workload adjustments; c) suspension of salary schedule step advancements; d) benefit level adjustments; or e) other adjustments as mutually agreed to by LRSA and the District.

Following written notice to LRSA from the District regarding the proportionate share reductions, if the District and LRSA cannot agree on a plan for application of LRSA's proportionate share of the defined revenue reductions, after both parties have engaged in good faith negotiations for a period of thirty (30) days, if no agreement has been reached between the parties, the parties will, if requested by either party, jointly declare impasse and request the PERB to certify the impasse and have a mediator assigned to assist the parties. Not less than sixty (60) days from the District's notice to LRSA of the potential need to implement reductions, the District may implement the reduction in accordance with the items outlined in A.14.1. Following the District's implementation, the District will continue to expeditiously negotiate in good faith with LRSA regarding the final manner for how the reductions are borne by the unit, up to and including impasse, mediation and fact-finding. Any implemented reductions form the base for succeeding years.

**A.15 Cost and Salary Savings**

Any cost savings realized per the calculation specified in Attachment 1 and salary savings (decrements) as defined in A.1.7 will offset either the overall reduction in resources or the unit's specific costs for that year.

**A.16 Layoff Provision**

No unit member will be laid off for fiscal reasons during the contract year if all the following conditions exist: 1) District revenues (Basic Allocation, COLA, and Growth provisions) for the contract year are maintained at the amount received in the prior year; 2) categorical funding remains at the same level for the contract year as the prior year; and 3) there are no operational deficits in the contract year for auxiliary services.

**A.17 Cost Advances**

The cost of a contract year step increments and other additional payroll related benefit costs for a contract year which are not sufficiently funded shall then be considered advanced by the District for the contract year. Any costs advanced shall have first priority in the utilization of LRSA's proportionate share of defined revenues in future years.

# Attachment 1: Calculation of Available Growth Revenues & Related Growth Cost

## 1. Calculation of Available Growth Revenues

Eighty percent (80%) of Growth Funds as defined in Appendix A received in a contract year shall be initially appropriated in the following manner:

- 1.1 The increased costs associated with each year's actual full-time equivalent (FTE) instructional level which is above the previous year's actual instructional staffing level.
  - 1.1.1 The actual instructional staffing level for each year shall be determined after the end of the third week of spring and shall be based upon the average of the Fall/Spring instructional FTE level for that year plus the change in FTE for the summer term above the base level of 122.34 subject to 1.1.1.1 below. For this provision, the summer term is the term occurring prior to the fall term for the fiscal year.
    - 1.1.1.1 To calculate the growth in instructional FTE for the summer term, a productivity level of 450 will be used. If the actual summer term productivity is below 450, growth funds will not be charged for FTE utilized below the 450 level.
  - 1.1.2 The cost for additional FTE will be based upon the standard adjunct cost for the contract year, except the standard adjunct cost for summer term instruction will not include health and welfare benefit costs. In computing the standard adjunct cost for the purposes of this calculation, the 2024-25 STRS rate of 19.10% for employer contribution will be used in place of the rate in effect for the contract year. This is done to set-aside the increased pension costs for these additional positions. The 2021-22 rate using the 2024-25 rates is \$67,033 and
    - 1.1.2.1 for 2022-23, the standard rate as determined by averaging the fall 2022 actual payments for adjunct and overload instructional assignments and the standard benefit rate for part-time instructional service as adjusted for the 2024-25 STRS rate; then
    - 1.1.2.2 for 2023-24, the standard rate as determined by averaging the fall 2023 actual payments for adjunct and overload instructional assignments and the standard benefit rate for part-time instructional service as adjusted for the 2024-25 STRS rate; then
    - 1.1.2.3 for 2024-25, the standard rate as determined by averaging the fall 2024 actual payments for adjunct and overload instructional assignments and the standard benefit rate for part-time instructional service as adjusted for the 2024-25 STRS rate.
- 1.2 The increased cost over the previous year's cost related to contracted instruction such as public safety instructional programs and other contracts;
- 1.3 The determination of actual staffing level utilized, increased contracted instruction costs

and actual enrollment growth revenues received for the contract year shall be made no later than sixty (60) days following the close of the District's fiscal year-end. Potential State funding deficits may reduce expected growth revenue. The records maintained by the District Office Business Services Department shall be used to determine actual staffing levels.

- 1.4 The cost of additional counselors required to maintain a counselor/student ratio of 1:900. The cost will be based upon the average salary and fringe benefit annual contract cost in the contract year for adjunct and overload counselors using the 2024-25 STRS rate.
  - 1.4.1 such positions shall be authorized as a continuing appropriation for the start of the following fiscal year; and
  - 1.4.2 continuing growth funds committed for the additional authorized counseling positions and set aside for this purpose in the contract year shall be proportionately distributed to the unit on a one-time-only basis; then
- 1.5 The cost of additional full-time faculty required to be hired as specified in Title V provisions (faculty obligation number). The incremental salary and fringe benefits costs due to conversion of part-time instructional and counseling FTE to regular instructional and counseling positions and salary and benefit costs of other non-classroom faculty positions shall be funded from Growth funds. The 2021-22 rate for converted instructional FTE using the 2024-25 STRS employer rate is \$38,499. The 2021-22 rate for new or re-authorized regular faculty positions (164 or 174 day), using the increased pension rates is \$101,659 or \$115,514 respectively. The established district contribution cost towards health benefits shall also be considered. Calculated standard costs for required faculty hired pursuant to Title V provisions shall be determined annually and typically increases by salary schedule and fringe benefit improvements provided in 2022-23 through 2024-25 as applicable;
  - 1.5.1 Continuing growth funds shall be committed for any positions authorized in the contract year and;
  - 1.5.2 The salary and benefit costs of the additional full-time faculty hired shall consider whether such hires were for the start of the spring semester or the following fall semester. Any unused continuing growth funds set aside for this purpose in the contract year shall be proportionately distributed to the unit on a one-time-only basis; then
- 1.6 The salary and fringe benefit cost of additional classified positions which are needed as a result of district enrollment growth or new educational sites.
  - 1.6.1 The maximum number of additional full-time equivalent (FTE) classified staff required due to enrollment growth shall be based upon the District's current growth factor percentage assigned by the state multiplied by the total classified FTE level authorized for the year. Authorized classified FTE includes White Collar, Blue Collar, Supervisory and Confidential positions funded with general purpose revenues. Classified positions (FTE) which are funded from categorical resources/revenues are excluded from this computation.
  - 1.6.2 For any given contract year, it is the District's intent to distribute the additional classified staff funded from growth funds across all classified units; then
  - 1.6.3 The additional classified FTE shall be in place no earlier than the spring

semester of the contract year or July 1 of the succeeding year.

- 1.6.4 The actual number of additional classified staff (FTE) authorized for the contract year and the related salary and benefit costs of such positions shall be funded from continuing growth funds.
- 1.6.5 The cost of any retroactive salary improvements for the additional classified positions which are authorized in a given contract year shall be provided from growth funds at \$77,000 per FTE, based on the average salary from prior year 1% calculation and the 2024-25 PERS projected rate of 24.60; and,
- 1.6.6 Any unused continuing growth funds in the contract year shall be proportionately distributed to the unit on a one-time-only basis.
- 1.7 Additional administrative positions shall not be funded from growth funds.
- 1.8 The net Growth funds shall be proportionately allocated to LRSA in accordance with Appendix A. The difference between the current employer contributions for STRS and PERS and the rates used in 1.1, 1.4, 1.5, and 1.6 shall be credited back as a one-time resource until required.
- 1.9 The cost savings or cost reductions related to those items listed below shall be calculated and applied as an additional source of funds. Items previously funded from growth revenues are:
  - 1.9.1 Cost reductions associated with the actual instructional FTE utilized for the academic year based upon the average of the Fall/Spring third week instructional FTE level which is below the previous year's actual instructional staffing level. The standard 2021-22 part-time cost per FTE of \$67,033, as defined per Section 1.1, shall be used to determine instructional cost savings, and
  - 1.9.2 Cost reductions in the contract year attributed to the annual salary and fringe benefit cost due to the reduced number of full-time-equivalent (FTE) counselors required per the terms of the LRCFT contract. The previous year's required counseling FTE shall be used as a base to determine the net reduction in FTE for the current contract year. The standard 2021-22 counseling part-time cost per FTE (@174 days) using the increased pension rates is \$90,514. Actual counselor staffing FTE levels above the required staffing level shall be used in the determination of cost if such levels are greater.
  - 1.9.3 Any other cost reductions due to staffing changes (reduction) previously funded from growth funds as further described in Sections 1.1 to 1.6.
  - 1.9.4 The total amount of cost savings as determined above shall be proportionately distributed to LRSA as per section 1.8.
- 1.10 Available Growth Revenue for 2023-24 and 2024-25 shall be determined in the same manner as the 2022-23 contract year except that:
  - 1.10.1 The actual instructional staffing levels expressed in full-time equivalent (FTE) terms in either 2023-24 or 2024-25 compared to the actual FTE level of the previous year shall be determined for the particular contract year as well as the standard cost; and the actual cost for contract instruction for 2023-24 and 2024-25 compared to the cost charged in the previous year, and

- 1.10.2 The change in authorized levels for counseling, the conversion of part-time to regular FTE, and classified positions will be determined using the basis described for the 2022-23 year and the salary schedule and fringe benefit rates in effect for the 2023-24 and 2024-25 years.
